# Kennesaw State University College of Computing and Software Engineering SummerCourse Policy

**Guiding Principle** 

### Compensation

According to the Office of Academic Affairs Guidelines for Summer Minimum Enrollment <a href="http://facultyaffairs.kennesaw.edu/docs/resources/Summer\_Minimum\_Enrollment\_Summary.pdf">http://facultyaffairs.kennesaw.edu/docs/resources/Summer\_Minimum\_Enrollment\_Summary.pdf</a> undergraduate courses with less than 14 students and graduate coursess whiten 9 students will be canceled

In the spirit of offering more options to students and faculty, CCSE adopts a more flexible model that allows departments and faculty to determine what is bestoonurseby-course basis.

A prorated courseffering will be used with the approval of the culty member, the partment Chair and the Dean. The prorated payment must be approxed before the first day of classes and will based on the following formula:

#### Undergraduate courses:

14+ students3.33% of academirear base salary per credit in course

8-13 studentsprorated pay per credit hour(number of students)4 x academic year base salary

× 0.03333 per credit hour

Below 8 studentscoursemay be cancelle@Dean/Chair will decide)

#### Graduate courses:

9+ students: 3.33% of acadenyicar base salary per credit in course

5-8 students: prorated pay per credit heu(number of students)/\* academic year base salary

0.03333 per credit hour

Below 5 students: courseay be cancelled Dean/Chair will decide)

## Directed study courses and thesis

No compensation

#### Service Expectations in Summer

Summer teaching faculty are required to attend summer graduation and help with summer orientations.

Service appropriate to regular, acadesemester faculty duties, especially as related to the course(s) taught, is expected of faculty teaching in the suer.

Normal CCSE and departmental committee meet(inthe than CFC which meets yearund) are not expected during the summer.
